FOR WHITE RULE.

Declaration.

Fair Play Demanded for the Black,

(SPECIAL TO THE EVENING WORLD.) COLUMBIA, S. C., Dec. 4. - The inauguration of Governor-elect Tillman takes place to-day. The mangural address is to many respects assertion of the need and right of white su-

Tue standard-bearer of the Farmers' Alla vigorous English. The following is a substantial abstract of the address:

The National victory of the Democracy causes those whose hearts were troubled as

triumph of democracy and white supremacy over mongrelism and anarchy, of civilization their experiments by the laws of the State, over baroarism, has been most complete; and it is gratifying to note the fact that this was | Zeal has gradually died out. attended by a political phenomenon which was a surprise to all of us-our colored fellow- again brought the A. V.'s to the front, this citizens absolutely refused to be led to the polls by their besses.

The opportunity of having their votes freely cas; and honestly counted, which it has been the failure of the operation. claimed is denied negroes, caused scarcely a ripple of excitement among them. They quietly pursued their avocations and left the conduct of the election to the whites. Many who voted cast their ballots for the regular Democratic ticket, and the consequence is that to-day there is less prejudice and more kingly feeling between the white men and the black men in South Carolina than has existed at any time since 1868.

The dismal experiment of universal negro suffrage, inspired by hate and cowardly desire for revenge; the rotten Government built apon it and propped with bayonets; the race anisgonism which blazed up and is still alive; the rotberty under the form of taxation; the rioberty under the form of taxation; the riot and debauchery in our legislative halls and at our capital; the prostitution and impattence of our courts of justice, while rape, arson and murder statked abroad in open day-arson and murder statked abroad in open day-of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light; the paralysis of trade; the stagnation of little consequence—it was the dog's suffer-light.

Nearly a quarter of a century has passed were taught to hate each other. The carpetbag vampires and the baser native traitors who ought it about and have kept it up for their own greedy purposes, are nearly all gone

There never was any just reason why the white men and black men of Carolina should peated. not live in peace and prosperity together. Our

during the war, when there was every oppor-tunity to glut upon our wives and children any hatred or desire for revenge, and there is not a single instance on record of any disloyalty to his master's family during that trying and feasional smiles

Vient. colored voters are no longer imbued with publican idea, the vexed negro problem the solved and the fear of a return of a return of a roughly dead to sheep industry of roughly dead to sheep industry of France, could never have been made without negro domination will haunt us no more.

Can I not appeal to the magnatimity of the the aid of vivisection. Can i not appear to the magnanimity of the dominant race? Can I not pledge in your behalf that we white men of South Carolina stand ready and willing to listen kindly to all reasonable complaints, to grant all just rights and saite privileges to these colored people—that they shall have equal protection under the law and a guarantee of fair treatment at our hands?

hands?
That the colored people have grievances it is idle to deay. That the memory of wrongs and inswits heaped by the whites upon the blacks during their eight years' rule has provoked retained and often injustice is true, it was natural and inevitable. But we owe it to ourserves as a Christian people, we owe it to the good name of our State, which has been

ntelligent, sober, virtuous citizens s.t on

punishment for crime, by whom ever Let punishment for crime, by whom ever committed, be proppt and impartial, and with the removal of the cause the effect will disappear. And as a last desperate remedy, to be used only when others fail, grant to the Executive the power or ab outle removal of any Sheriff who fails to prevent any such act of violence in his county after the law has taken control of a prisoner.

I have thought it wise to speak in emphatic terms on this subject, because every Carolinian worthy the same must long to see the time when law shall assert its sway, when our jecote will not be divided into hostile political

block bounded by West, King, Charlton and Was ington streets; the block confined within the limits of West, Clarkson, West Houston and Christopher streets, and the block immediately north of the location chosen between Christopher and West Tenth streets.

Appraiser Marvelle W. Cooper was seen by

Appraiser Marvelle W. Cooper was seen by an Evening World reporter at the present stores at Hubert and Washington streets this moraine, and declared his satisfaction at the cooke of Secretary Windom.

"The newsite is not exactly the one I should like," he said, "because my desire has been that the new building be placed directly on the water front, but I shall welcome it as offering proper facilities for doing the Government's work which we do not now possess.

"The reason why a water front location was not selected, however, I understand, is because the Supervising Architect of Lie Treasury Dejartment wanted a natural foundation, and in any of the water front lots proposed he

would have to plie for a foundation.

As it is proposed to erect a ten-story substantial structure, the Supervising Architect desired as firm a foundation as possible, and so advised the selection of a site back from the made ground near the dicks.

"The new building with be most complete in every detail, I believe. The ground floor will be areaded, so that trucks may be driven through it thus religious to stream.

PARNELL COMPROMISE

The Clancy Resolution Rejected at To-Day's Meeting.

LONDON, Dec. 4. - The Nationalist members met again at poon. Mr. Parnell presiding. After the reading of telegrams from Ireland

ed by John Clancy was taken un There was a long, excited and at times acri- road.

Unexpected opposition to the compromise bloody period.

He had none, and we should be charitable towards him for the excesses to which he was excited by the opportunity, example and incoming, and the opinion was ventured that the anti-vivisectionats would meet with consignation of his white leaders during the dark days I have just depicted. His conduct in the recent political campaign shows that he has been arranged in the interest and by the assent of Mr. Parnell was developed.

The terms it proposed as the condition of all college and laboratory, every surgeon and his withdrawal had already been arranged in the interest and by the assent of Mr. Parnell was developed.

The terms it proposed as the condition of his withdrawal had already been submitted call college and interest and by the assent of Mr. Parnell was developed.

The terms it proposed as the condition of his withdrawal had already been submitted that by the assent of Mr. Parnell was developed.

The terms it proposed as the condition of our control of the manner of the proposed as the condition of the with control of the proposed as the condition of the with the anti-vivisectionate would meet with control of the proposed as the condition of the proposed as the proposed as the condition of the proposed as Mr. Parnell remained at the head of the Irish

The opponents of Parnell argued that this attempt at a compromise could only have the one result, and was so intended by its author, to fasten his hold upon the party.

At the close of the depate a vote was taken

and Mr. Clancy's resolution was rejected. The result was unexpected and caused great excitement in the lobbles.
It is confirmed to-day that the compromise

resolution rejected at to-day's meeting was to the effect that the Irish constabulary, judiciary and land questions should be dealt with only by the Irish Government in its own Parliament, and that the English Liberal party be asked to make these demands an indispensable part of any Home Rule programme. Under these conditions Mr. Parnell was to retire from the leadership of the Irish Natio

School Board Votes for Justice and Humanity to Children.

Order for Early Opening of School Doors Becomes a Law.

Red-Tape Barriers Give Way at the People's Demand.

Little Ones Shall Be Sheltered or Cold and Stormy Mornings.

At last the school doors are to be thrown open to the children at a reasonable hour in the morning, and THE EVENING WORLD and its friends, the people, rejoice in the victory wor after a long and hard fight for the rights of the little ones. Every effort has been made to defeat the

relolution to that effect introduced more than the dead man's overcoat was found. Blood two months ago by Commissioner O'Erien, and supported by The Evening World; yet, despots were found, which gave a new aspect to spite delays and obstruction of official red tape, the Board of Education was forced at last to Campbell and Coroner Hill are carefully going recognize the instice and humanity of the demand, and at its meeting last evening finally consented, by a vote of 12 to 6, to order the school doors to be thrown open to the children at 8 o'clock A. M. on stormy and inclement weather.

Vester-lay was one of those days when the necess ty of some such regulation must have forcibly presented lineif to some of the menbers of the Board who have heretofore opposed the measure.

Probably a good many of them may have pictured to themselves the spectacle of a group of thinly clad little ones, buddling about the door of some school-house in the blinding snow storm, half frozen by the biting wind, Jersey authorities are working is much waiting for the janitor to unlock the gates and let them in.

If they had, it would certainly have been most powerful object lesson to them, and no one with a spark of kindliness or love for chitdren in his con position could have resisted such an obvious appeal to his seuse of Justic and humanity. As it was, there were six of the member

present at the meeting who held out against il argaments and refused to give their consent to the much-needed reform. Although the resolution might have been adopted fust as easily a month or two months ago, it is better late than never, and now tha the longed-for result has been finally accom-

dished, THE EVENING WORLD and the thou sands of parents in the city may regard the victory which has been won with recuils satisfaction and gratification. It was long ago, in September last, that attention was first called by THE EVENING Wont D to the fact that in some of the schools the children who came early were compelled.

to remain out in the street in the cold and rain simply because the janitor, acting in accordance with some bidebound regulation of the and from the bluff where he met his death be could see his own home. from which Townsend tell. When he was within a nundred yards of the open ground he thought be heard the tinkle of a cow bell. It is very lonely here. There are forests on either side and no houses within cailing distance. As the boy stooped to listen, he saw a man caming along through the woods towards

self. When he saw the boy he stopped and looked at him so strangely that the boy was frightened. He had never seen anyone in those woods before. The steady gaze of the stranger caused the boy to burry away after his cows, and when he came back the man was gone. According
